## **KP1, NAVASSA ISLAND (Press Release)**

The KP1-5 Project is pleased to announce that the U.S. Fish and Wildlife Service has agreed to allow an amateur radio operation from Navassa National Wildlife Refuge (KP1). The operation will occur within the next 18 months and will be coordinated with the USFWS work flow.

Over the past year, the KP1-5 Project has had numerous meetings with various levels of USFWS management. Throughout our discussions, their personnel have been courteous, professional and cooperative. We have been treated with sincere interest and respect and believe that amateur radio operators may now be viewed as partners and not adversaries.

As with the Desecheo operation in 2009, and in order to be transparent and fair, the USFWS has requested proposals for the amateur radio operation from those individuals and groups that have already applied for a Special Use Permit in the past. The KP1-5 Project will be submitting a proposal and hoping to be selected as they were for the very successful Desecheo (K5D) operation.

We wish to thank the USFWS for their decision to allow this operation. Navassa Island is ranked #2 most-needed DXCC entity by The DX Magazine and #1 by ClubLog.

Please visit our website for up to date information. <http://kp1-5.com/>

## **YJ0X DXpedition Press Release #3**

**Hi all,**

**Everything is on schedule for our arrival in Vanuatu on October 3rd. We hope to have at least two of the stations working and at least one aerial up for that evening. The emphasis the next day will be installing the contest band antennas ready for the Oceania DX contest SSB leg later on that day, though we do hope to make some Qs as well. Soon after the contest, we'll be adding the WARC band antennas and 6m set-up, and when time permits the 160m antenna.**

**We will be looking for openings to South America and Africa, the two continents most needing YJ for a new one, so if you're outside these areas, please QRX for the very short time it will take to work through callers.**

**Regarding the Oceania SSB and CW legs, Clublog real-time uploads will be switched off during this time and uploaded soon after the contest ends.**

**The YJ0X crew has worked together very well through the planning stages and we're all very excited to be undertaking this adventure!**

**See you in the pile-ups!**

**Paul, Phil, Gordon and Geoff**
