## **DXCC Approved Operations**

Sharon Taratula, ARRL Awards Branch Manager,  
reports that the following operations are approved for DXCC credit:

5V7BJ - Togo; 2014 Operation  
5V7MP - Togo; 2014 Operation  
JD1BOX - Ogasawara; 2014 Operation  
A52CVX - Bhutan; 2015 Operation  
TY2AC - Benin; 2015 - 2018  
TY4AB - Benin; 2015 Operation  
V73D - Marshall Islands; 2015 Operation

## **ZL9**

This is an administrative change only.

In the ARRL DXCC List, the name for the entity for ZL9 will be changed from Auckland and Campbell Is. To: New Zealand Subantarctic Islands\*

\*Does not include The Snares or any islands claimed by New Zealand south of 60 degrees south latitude.

Specifically, the Antipodes of New Zealand and the Bounty Islands of New Zealand will count for ZL9, New Zealand Subantarctic Islands entity.

This is not a new entity or a changed entity -- it is a clarification of which islands count for the entity previously known as Auckland and Campbell Is.

73, Dave, NN1N

## **FT4JA Juan de Nova 2016**

Hi friends

FT4JA is your expedition! By supporting the Juan de Nova 2016 project you become in some ways a team member and as such it seems essential to us to share with you the preparation for the operation.

We are happy to announce that our tenth operator recently made it official that he will participate in the operation. We are talking about Diégo, F4HAU.

Our team of pilots is also ready. It will be managed by Cedric, F5UKW who will summarize the requests and comments received by "regional relays" who are: N5FG (NA / SA), ON9CFG (EU / AF), JJ3PRT (AS / OC). They will be the people to talk to before and during

**NBR. 673**

the expedition. We rely on you to provide them with relevant information to refine our propagation predictions and organize our traffic.

On the island, we will have a satellite connection. Although this set up is expensive, we consider it necessary to offer different services: online log, photos, news, correspondence with the pilots. Exchanges in this way will however be limited to the strict minimum in order not to increase the budget, already very tight.

The experience of our operation from Tromelin (FT4TA) is of course a tremendous asset. We have long debated the strengths and room for improvement. Although returns were extremely positive, we carefully recorded comments and remarks to strive for an even better user experience and close to your expectations.

The relationship of trust with the authorities allows us to involve a greater number of operators for a longer duration to maximize the chances of contact with Juan de Nova. With the support of several sponsors, we also develop our equipment to have more flexibility in traffic and satisfy the greatest number: a second set of VDA on some bands, improved RX system, more stations available.

It is clear that our budget is harder to reach because of the numerous major operations over a short period of time. Let's not forget that most of the expenditures are made before departure. Therefore, it is essential that the mobilization continue so that the Dxpediton can take place.

We count on your support and that of your clubs and associations. Each donation brings us one step closer to Juan de Nova. Let's hope that all DXers will in turn invest in the project. It is never too late and every donation, whatever the amount, is important.

The team FT4JA – Juan de Nova 2016 <http://www.juandenovadx.com>

## **P5, NORTH KOREA.**

The "DXNEWS" reports that Dom, 3Z9DX, is planning to be active from North Korea (Democratic Peoples Republic of Korea), January - February 2016 as P5/3Z9DX. He has the license to operate on 3 bands, but he is planning to concentrate his operation on 20m only SSB using 100 watts into a GP7 vertical antenna. QSL via his home callsign. ADDED NOTE: Dom just recently came back from the GXP antenna factory. Waldek, SP7GXP and Dom made final adjustment on the GP7 Vertical antenna. This antenna will go with Dom to North Korea during a December trip together with other radio equipment. Waldek, SP7GXP, is a well known manufacturer of antennas and his company GXP antennas is also well known. You can visit Waldek's Web site at <<http://sp7gxp.pl>>.

## **News from the Intrepid DX Group VP8STI/VP8SGI Team**

The VP8STI-South Sandwich, VP8SGI-South Georgia and VP8IDX (Falklands & /MM) licenses have been issued and are in hand. In just six short weeks, the team will be making their voyage to South Sandwich Island. Our ship, the venerable RV Braveheart is being prepared and loaded for her long voyage halfway around the world to meet the team in the Falkland Islands.

We expect to land at South Sandwich and begin operations sometime on January 17th if sea conditions and weather permit. After ten days at South Sandwich, we will break camp and voyage three days to South Georgia. We expect to land and be on the air on February 1st.

This is a “Pure DX” Dxpedition. The team is not mountain climbing or collecting specimens, our sole focus is getting you in our logs! We will work very hard to do that!

To date, we have raised \$153,500 from the global DX Community. The 14 team members have contributed \$210,000 towards our entire budget of \$425,000. If your club or you yourself have not already donated will you please consider a donation? We cannot get there without you!

The Intrepid-DX Group is an IRS approved 501.C.3 non-profit organization and your US contributions are tax deductible.

Please watch for updates and announcements in The Daily DX, DX-World, DX Coffee and DX News.

Thank you,  
Paul N6PSE
