W4DTA – Pilot station for YX0V

Wednesday CY9C UPDATE

The CY9C team surpassed the 30K Q total on Tuesday. Band conditions improved and the team took advantage of the conditions. 15 meters opened and Europeans were added to the log on that band. Due to the high winds on Tuesday, the team made repairs to one antenna and moved another antenna. Weather conditions on Wednesday morning are good and the team is encouraged. Depending on sea conditions, a boat may arrive today to take any unneeded equipment and materials back to Dingwall.

The team is able to have two stations on the same band and same mode. The distance between the Northeast Island and Atlantic Cove, and the terrain of the island, make that possible.

Additional updates will be issued as needed.

73,

Murray WA4DAN
